Re: Notice Information for Small Mining Projects, Picture Rock Quarry, S/037/099 and Comb Ridge Quarry, S/037/102, San Juan County, Utah

Dear Mr. Shumway:

Thank you for submitting your \$100.00 annual permit fee for both your Picture Rock Quarry, file number S/037/099, and Comb Ridge Quarry, file number S/037/102. We received these fees for your small mining projects on August 5, 1998. In reviewing our files we found that we are lacking a completed notice of intent form for these two operations. Discussions with the BLM revealed their files also contain minimal information describing these operations.

Please find enclosed two of our MR-SMO forms for your use. Please complete a form for each of your projects and return them to our office within the next 30 days. Feel free to make copies of the blank forms to keep on hand for future operations. Please keep a copy of the completed forms for your own records. We realize these forms request some information which we already have, but please bear with the inconvenience and complete the forms so we have all the necessary information in one place. Please add additional pages to the forms if necessary to adequately describe your projects or individual site conditions.

If you have any questions while completing these forms, please call me at (801) 538-5267 or Joelle Burns at (801) 538-5291. We will provide the Monticello BLM office with copies of the information your submit. Thank you for your cooperation.

Sincerely,

Anthony A. Gallegos
Senior Reclamation Specialist
